CHRISTOPHER THOMPKINS STUDIOS

CREATIVE & TECHNOLOGY SERVICES FOR BUSINESS

I help businesses improve how they operate, tell their stories, and express their identity.

Three ways to strengthen your business

01 AI INTEGRATION, TRAINING & CONSULTING

Improve operations. Reduce repetitive work. Increase productivity.

I help businesses improve their operations by reducing time spent on repetitive tasks, managing workloads more effectively, increasing productivity, and lowering operating costs. I assess how the business operates, identify where AI can improve efficiency, introduce appropriate tools, and train employees to use them effectively.

02 STORYTELLING FILM PRODUCTION

Show customers who you are, what you do, and what makes you different.

I produce storytelling films that help businesses tell their stories—who they are, what they do, and what makes them different. The goal is to help businesses connect with potential customers, build credibility, and generate new opportunities.

03 ORIGINAL ARTWORK FOR COMMERCIAL SPACES

Express your business identity through original art.

My films tell stories in motion, and my artwork tells stories in print. I create original abstract art that brings meaning, character, and visual identity to commercial spaces—helping businesses make a lasting impression on the people who visit.

LET'S DISCUSS WHAT YOUR BUSINESS NEEDS.
